Professionally Calibrated Theatre
ANTHEM ROOM CORRECTION ARC
Your System Expertly Configured

ARC Genesis is the most advanced room correction software, only from Anthem.

In a multi-channel theatre, the system calibration has a dramatic effect on how your speakers integrate with your room, and with each other.

Bass management, full range room correction for each speaker, time alignment, customisation of target curves, all come together in a comprehensive system of measurement and corrections.

A CORRECTLY CALIBRATED SYSTEM IS LIKE A FULL SYSTEM UPGRADE.

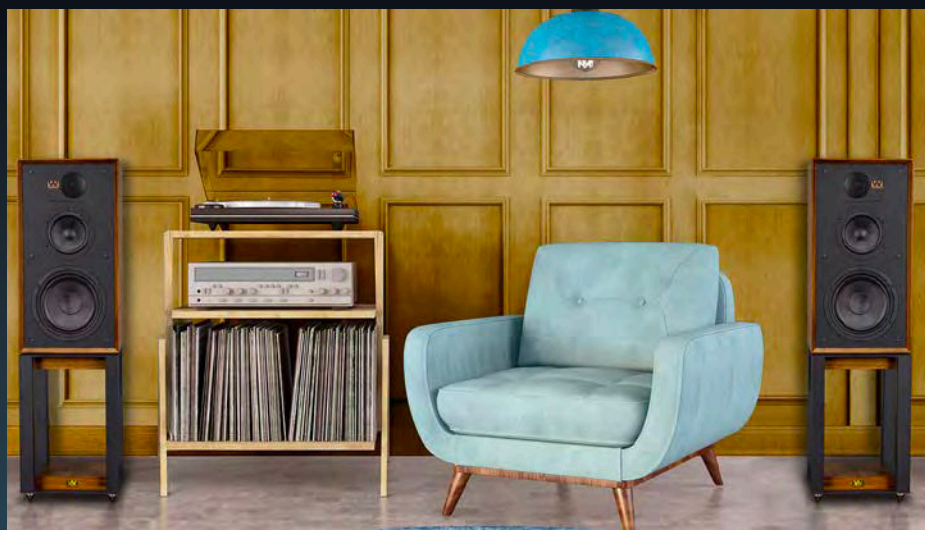

Talk to us about booking a professional calibration by our install technician for the ultimate experience from your theatre.

WHARFEDALE

No loudspeaker manufacturer can claim a richer heritage than Wharfedale.

Founded in 1932, the company's legacy includes the invention of many technologies still commonplace in the speaker designs of today.

WHARFEDALE

Denton 80
Bookshelf Speakers

The Denton 80 is a classic, bookshelf two-way speaker. Beautifully crafted with hand veneered Walnut or Mahogany, an inset front baffle and traditional Tungsten cloth grille, the Denton 80 is a classic update of the original speaker.

Available in Walnut or Mahogany.

WAS $1,599
$1,399

WHARFEDALE

Super Denton
3-way Bookshelf Speakers

Three drivers in one of the world's smallest bookshelf speakers. A dedicated midrange keeps vocals uncrowded and natural, while the Kevlar woofer reaches down to 40 Hz — bass depth no compact speaker should deliver. Heritage elegance meets modern sonic precision.

Available in Black, Mahogany or Walnut.

WAS $2,499
$1,999

WHARFEDALE

Denton 1S
Bookshelf Speakers

The Wharfedale Denton 1S reimagines a classic 1970s design with a modern aesthetic. Featuring a premium coaxial driver for unified sound, its cabinet boasts smooth curves and a matte finish. This compact speaker delivers rich, balanced audio while adapting seamlessly to contemporary interiors, blending heritage DNA with unparalleled engagement.

Available in Blue, Black or White

WAS $1,699

solidsteel

Made in italy since 1990, Solidsteel crafts racks and stands for the demands of the entusiast.

Their mission:

"To serve the music, and nothing else"

NS Series
Speaker Stands

This range of speaker stands are the basic Series designed for the largest number of bookshelf loudspeakers. They are ideal for any kind of space and room, perfect also for being selected to support central speakers or loudspeakers used as satellites for surround systems in home cinemas and home theaters. Each stand is made of 5 steel pipes finely painted in black, screwed between a wooden (and painted) top plate of 160×160 mm and a heavy stainless steel bottom-plate, crafted by laser cut. The bottom metal cones are threaded to support our traditional height-adjustable, stainless steel spikes.

FROM $599

S2 Series
Hi-Fi Rack

The S2 Series Hi-Fi Rack by Solidsteel is the ideal solution for audio enthusiasts seeking performance, elegance, and reliability at an accessible price. Italian built with a premium polymer laminate finish this is the benchmark.

Available in 3, 4 and 5 tier models with Solid Black finish.

FROM $999

S4 Series
Hi-Fi Audio & TV Rack

The S4 HiFi Audio Racks draw inspiration from decades of production results achieved by the historical Series 3, 5 and 6. The technical experience gained through the study and the development of individual models marked the history of the brand Solidsteel from more of twenty years.

Available in 2, 3 and 4 tier models with Solid Black finish.

FROM $1,599

VL Series
Vinyl Record Storage & Hi-Fi Rack

Whether you already have a large collection of LPs, or you are just enriching it, whether you have a Hi-Fi system, or you are just setting it up step by step, this fantastic product range is a perfect solution for all music lovers, especially for fans of vinyl records in search of the right place for their audio sessions.

Available in 2, 3 and 4 tier models with Black and Walnut or Solid Black finish.

stereonet APPLAUSE AWARD

FROM $1,699

SS Series
Speaker Stands

The Iconic Loudspeaker Stands and Solidsteel's Flagship, designed in 1992 and featuring a main frame in steel entirely hand-welded with brass for rigidity and isolation. The three tubolar supports end with a crimped steel bar. The stainless steel spikes are removable to allow the frame to be filled with damping material. The top plate in MDF is interchangeable, ensuring a high degree of optimization with the largest number of loudspeakers.

Available in Black, White and Raw Metal finishes.

FROM $1,299

S3 Series
Audio Rack

The S3-3 provides a nice step up from S2 Series racks, thanks to S3 Series enhancements. These include support tubes dcontaining damping material for added resonance control plus an increase in weight capacity to 60 kg per shelf.

Available in 3, 4 and 5 level plus amplifier stand options.

Available in Black, White or Walnut.

FROM $1,299

S5 Series
Advanced Hi-Fi Audio Rack

The S5 Series double-suspension system further decouples your equipment from unwanted resonance, delivering a wide open soundstage and tighter bass. A great upgrade solution for passionates who really aim to damp vibrations on their equipment.

Available in 2, 3, 4 and 5 level options.

Available in Black or Silver/Black.

L-509Z
Integrated Amplifier

Luxman L-509Z — the Z series summit. 120W per channel into 8 ohms, 220W into 4, from a quadruple-parallel bipolar push-pull output stage with three-stage Darlington transistors. Separate pre and power sections, each running its own LIFES 1.0 feedback engine. The LECUA-EX attenuator adds a weighted rotation mechanism for tactile, near-silent volume control. A 600VA EI transformer, eight 10,000µF capacitors, and a 330 damping factor deliver absolute authority. Three-band tone control, dual VU meters, MM/MC phono, balanced XLR, and 4.4mm headphone output. 29.4 kg of centennial craftsmanship.
