**\$4,999**

REL Acoustics make subwoofers. That's it. Nothing else. They work in pursuit of only one intention, to produce the most raw, perfect, pure sound possible, to capture the raw intention of the artist.

**S/510**  
10 Inch Subwoofer

The S/510 allows those with less space, or when pairing with high end speakers that are slightly less robust to have a perfect dance partner when the S/812 is simply too much of a great thing.

**\$4,999**

**T/7x**  
8 Inch Subwoofer

T/7x is, without reservation, one of the most-balanced RELs of all time. It's compact and stylish; while powerful and flexible enough to easily answer most needs.

Available in Black or White.

**\$2,199**

**T/9x**  
10 Inch Subwoofer

The T/9x, delivers a level of intimacy, clarity and speed that means there are no longer trade-offs between the sonic balance of smaller models weighed against the power and scale of a model 9.

Available in Black or White.

**\$2,999**

**HT/1205**  
500 Watt Subwoofer

HT/1205 MKII establishes a new performance standard for affordable home theatre subwoofers. A sparkling new amp design that effortlessly delivers 500W into an all-new CarbonGlas™ 12" (300mm) driver.

**\$1,899**

**S/812**  
12 Inch Subwoofer

S/812 takes REL's medium chassis concept to reference-like levels of performance and does so with style, beauty and devastating power.

**\$5,999**

**212/SX**  
2 Channel Subwoofer

212/SX builds on the strengths of the legendary 212/SE. Upgraded alloy drivers with carbon fiber blades are stronger, a new flat passive radiator extends even deeper and our PerfectFilter™ delivers crushing low bass with greater speed and air, taking 212/SX well beyond its illustrious predecessor.

**\$9,499**

**HT/1510 Predator**  
1000 Watt Subwoofer

HT/1510 resets expectations for REL's standard bearer with a full 1,000-watt linear power supply amplifier, PerfectFilter™ inputs, new 15" CarbonGlas™ driver that handles vastly more power, and confident, elegant styling not previously seen in home theatre designs.

**\$4,299**

**Tzero**  
Subwoofer for Small Rooms

The Tzero is every bit a true REL, just smaller. It enriches even modest systems with power and natural bass.

Available in Black or White.

**\$999**

**T/5X**  
Compact Subwoofer

Perfect for small and medium rooms, T/5x seats perfectly into any décor.

Available in Black or White.

**\$1,599**

**No.31**  
900 Watt Subwoofer

Our Reference Series marks a new standard in cabinet execution, merging physical beauty with functionally elegant components. The shape of these subwoofers is designed to handle the force required to meet your music or film's demands.

**\$14,999**

# ARCAM

## SA10 Integrated Amplifier

Fish out one of your all-time favourite albums and play it through a Bluetooth speaker, and guess what? Its sounds like a Bluetooth speaker. Play it through the SA10, and it's as close to hearing the artist's performance as you're likely to get.

**\$1,295**

# ARCAM

## SA20 Integrated Amplifier

The Arcam SA20, with its Class G amplification is essentially a hybrid amplifier, utilising Class A specifically for low-level signals, but when required switching in an additional power supply to power those larger sections of the waveform.

**\$1,895**

# ARCAM

## SA30 Integrated Amplifier

The SA30 is designed with all the latest cutting-edge features – Class G is expertly implemented and, the highest resolution of audio support is presented. Simple streaming is available with a mobile device using the native app of choice via Apple AirPlay2 or Google Chromecast.

**\$3,995**

## 5 Year Warranty on all Arcam products

The design of the HDA range draws upon all of Arcam's experience as one of the UK's most respected audio companies, to produce Arcam's best performing range of audio products yet – using the best quality components and engineering practices, the HDA range is designed and built to give you years of listening enjoyment.

# ARCAM

## CDS50 SACD Player/ Streamer

The CDS50 is a versatile and powerful CD/ SACD, digital audio and network streaming player that expands the digital realm of high-resolution audio. Supporting all disc formats, including SACD, an array of audio file formats and, with local streaming, your listening options are endless.

**\$2,195**

# ARCAM

## A5 Integrated Amplifier

The ARCAM A5 is for those intimate listening experiences with your favourite music. The A5 is the latest in more than 45 years of amplifier design and manufacture, going back to our first product in 1976 – the A&R Cambridge A60 amplifier.

**\$1,695**

# ARCAM

## A15 Integrated Amplifier

The ARCAM A15 is the power house, with 120 Watts of output per channel. It is perfect for listening with tower speakers, in larger rooms, and more exuberant listening volumes. So you can play music straight out of the box, the ARCAM A15 includes a Bluetooth solution with Qualcomm AptX Adaptive technology.

**\$2,395**

# ARCAM

## A25 Class G Integrated Amplifier

The ARCAM A25 is the best sounding, and most feature rich of our Radia Integrated amplifiers. The visual luxurious highlights hint towards the more luxurious musical experience that it offers. This is achieved with a 5th generation Class G amplifier design. You can expect the best sound quality and dynamics from what has always been a better sounding, and more efficient Class of amplifier.

**\$3,495**

# ARCAM

## CD5 CD Player

The ARCAM CD5 is for those intimate listening experiences with your favourite music on Compact Disc. ARCAM has been a pioneer of Compact Disc playback since the development and introduction of the Delta 70 CD player in 1986, our own ground up design. The experience of producing high quality digital audio products since then has been poured into the ARCAM CD5.

**\$1,495**

# ARCAM

## ST5 Streamer

The ARCAM ST5 is the high resolution upgrade for our Radia integrated amplifiers. The slim form factor includes a control link to these amplifiers, allowing the 2 components to act as one from your device. Sonically, this combination offers better sound quality due to the benefits of isolated components with individual power supplies.
